ABOUT THE COLLEGE

The college is promoted by AANM & VVRSR Educational Society and was established in 1998. The college is situated in Gudlavalluru, a rural area surrounded by lush green fields, providing serene atmosphere to learners. The college offers B.Tech programmes in six branches of Engineering, viz. Electrical & Electronics, Mechanical, Electronics & Communication, Computer Science, Information Technology, and Civil Engineering (from 2009). It also offers PG programmes in M.Tech, MCA and MBA. The college is affiliated to JNTU Kakinada and approved by AICTE. The college has received autonomous status from the UGC in the year 2014.

The Institution is continuously striving for excellence by adopting changes to improve the systems, practices and performance. The five UG programmes are accredited by NBA of AICTE, New Delhi and affiliated to JNTU Kakinada. The college is located at a distance of 12 kms from Gudivada, 22 kms from Machilipatnam, 58 kms from Vijayawada. The nearest airport is at Gannavaram (Vijayawada).

ABOUT THE DEPARTMENT

The Department of EEE has been offering a full time four year B.Tech Degree course since the inception of the institution. It is provided infrastructural facilities like well equipped laboratories, library, well qualified with good infrastructural facilities like well equipped laboratories, library, well qualified & dedicated faculty and technically sound supporting staff. It is continuously striving to impart quality education and competitive spirit among students for academic excellence. The continual University ranks, high GATE scores and placement of students in various core and software organizations in and around the country reflect the aspirations of this department.

The department is also offering M.Tech course in Power Electronics & Electric Drives from the academic year 2009-2010 and Control Systems from 2011 - 2012. We have original softwares of CASPOC, MATLAB, PSPICE, MULTISIM, PSCADETAP to train the students beyond JNTU curriculum.

ABOUT THE WORKSHOP

The Faculty development Programme aims at providing a common learning platform to the faculties and researchers in the area of New trends in Electrical and Electronics Engineering and to enlighten the participants about the recent industrial requirements. The topics are

1. Control theory and its applications.
2. Power system protection, security and power quality issues.
3. Energy Management.
4. Control Aspects of Power Electronic Converters
5. Micro Grids

ELIGIBILITY:

This program is open to all the EEE department faculty members and PG students of AICTE approved Engineering Colleges.

Resource persons:

Dr. Siva Kumar K (IIT Hyderabad) (Control aspects of power electronic converters and Micro-grids)

Shri V.Praveen Kumar (Experimental implementation of closed loop control of dc-dc converters)

Dr. D. Das (IIT Kharagpur) (Electric power distribution systems)

Dr. B.M.Mohan (IIT Kharagpur) (Computational intelligence in control systems)

Dr. S.Ashok (NIT Calicut) (Energy management)

Dr.M.Siva Kumar (Large Scale system Modelling).

Dr.L.Ravi Srinivas(Power System Optimization)
